

Rother District Council have recently launched a new Rother Tenant Finder Service. Rother Tenant Finder is an incentive scheme which encourages private landlords to rent their properties to people who may require housing.

The funding for the service is provided by external Flexible Homelessness Support Grant and is ring-fenced for the purposes of homelessness prevention.

Myra Dicken is leading the service with support being provided by Matthew Pinyoun. Please do not hesitate to contact them directly to find out more.

Landlords are offered a one-off payment, insurance and additional support before and throughout the tenancy including free check-in and check-out of tenants, free inventories and safety checks and regular tenancy sustainment visits.

Any landlords interested are asked to email tenantfinder@rother.gov.uk, call 07874 395711 or go online at www.rother.gov.uk/tenantfinder
